## Opportunities

- Expanding core philosophy
- Focusing on digital marketing
- Highlighting sustainability and approach to everyone

## Weaknesses

- Lack of influencer partnerships
- Niche market
- Number of properties

## Threats

- Competition
- Environmental factors
- Economic factors

# COMPETITOR Analysis

| HOTEL     | COMO HOTELS AND RESORT                                                                                                                        | AMAN RESORTS                                                                                                                             | OETKER COLLECTION                                                                                                                                                                       | SIX SENSES                                                                                                                                                                    |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| OBJECTIVE | A luxury hospitality group offering <b>personalized experiences across various global destinations.</b>                                       | 35 properties in 20 countries, focusing on luxurious, <b>minimalist retreats</b> that emphasize privacy and unique cultural experiences. | Masterpiece hotels, offering luxury <b>accommodations through Europe.Each property is a landmark and a timeless icon of elegance.</b> With deep devotion to local culture and community | <b>Committed to sustainability and wellness</b> , offering different options where clients can experience different wellness activities and experience the “magic” first hand |
| STRENGTH  | Emphasis on wellness through COMO Shambhala, <b>personalized service, and properties in both urban and resort destinations.</b>               | Exclusive locations, focused on personal service and <b>at home experiences</b>                                                          | <b>Historic properties</b> , personalized service, and exclusivity.                                                                                                                     | Strong focus on sustainability, wellness programs, and <b>integration with local environments</b>                                                                             |
| WEAKNESS  | With 18 properties, COMO's global footprint is smaller compared to larger luxury hotel chains, limiting brand recognition and customer reach. | Very <b>niche market</b> due to high prices                                                                                              | Do not have a strong <b>online editorial process</b>                                                                                                                                    | Higher <b>operational cost-</b> pricing                                                                                                                                       |
|           |                                                                                                                                               |                                                                                                                                          |                                                                                                                                                                                         |                                                                                                                                                                               |

# •02 The "COMO Global Wellness Immersion" campaign

**“the concept of wellness travel has grown significantly, with more individuals seeking experiences that foster personal growth, healing, and mindfulness”- Forbes**

# The "COMO Global Wellness Immersion" campaign

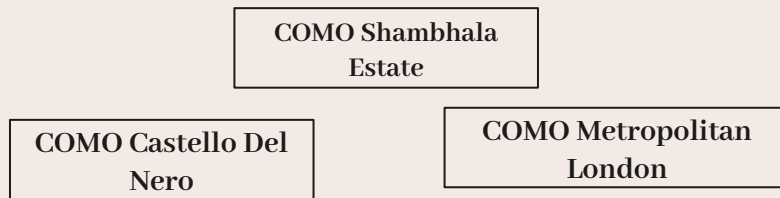

The "COMO Global Wellness Immersion" campaign is a initiative that focuses on COMO Hotels and Resorts' unique wellness philosophy while celebrating the distinct cultural and natural aspects of each location. This campaign is designed to offer guests 3 days to a week immersive, location-specific wellness experiences that align with COMO's innovative wellness amenities and programs, reinforcing the brand's position as a global leader in luxury wellness hospitality.

# The "COMO Global Wellness Immersion" campaign

Each COMO property will host a curated wellness program inspired by local traditions, natural resources, and cultural practices. These retreats will include workshops and seminars led by Lisa Mesner and local wellness experts focusing on overall **fitness, detox, nourishing and connecting trends depending on the location.**

3-Day Express, 5-Day Balance, or 7-Day Full Immersion  
Each offer a take-home wellness kit  
"COMO Wellness passport"

- *While each retreat will focus on the same idea, some activities and culinary options will depends based on the region*

## Wellness kit:

## COMO passport:

- Showcases unique wellness offerings at each COMO property and provides detailed information about region-specific experiences to encourage guests to visit other COMO destinations.
- A mobile app version includes interactive features like guided meditation recordings, fitness videos, and healthy recipes inspired by COMO Cuisine, for at home experience.
- Virtual stamps for each property visited and activity completed, encouraging guests to explore the entire COMO portfolio.

# Itinerary

# •04 The planning stage

---

# Time and Action Plan

**May 2025-July 2025:** Start planning conversation with the hotels and telling them the logistics of the campaign.

**August 2025-October 2025:** Creating the 3-,5-, and 7-day itineraries for the hotels and obtaining the wellness kits as well as the COMO passports.

**November 2025-December 2025:** All operational elements to be finalized

**January 2026- February 2026:** Begin distributing media and influencer invites, pitches and beginning pre campaign.

**March 2026:** Have attendees (comprised of journalists and influencers) confirmed as well as continuing to post on social media.

**April 2026-May 2026:** Compile the last details and have everything ready for the media trip and launch of Campaign.

**June 2026:** Campaign Launches

---

**August 2026:** Post-Launch Reporting and collecting feedback.

# Journalist Pitch

**Subject: Discover the Future of Wellness with COMO's Global Immersion**

Dear Christina,

I hope this message finds you well. I wanted to share that COMO Hotels and Resorts, a global leader in luxury wellness hospitality, is launching the "COMO Global Wellness Immersion" campaign—a groundbreaking initiative offering tailored wellness experiences inspired by the cultural essence of each COMO property. I would love for you to attend and experience this retreat first-hand.

From spiritual detox retreats in Bali to ocean mindfulness in the Maldives and urban vitality resets in London, this campaign redefines holistic travel by connecting guests to authentic, region-specific wellness traditions while maintaining COMO's signature Shambhala philosophy. At the heart of this initiative is Lisa Manser, COMO's Group Wellness Operations Director, who is available for interviews to discuss the campaign's vision and the growing demand for immersive wellness travel experiences.

This retreat will take place the second week of June, right after its opening. Should you wish to accept this invitation and have an opportunity to cover this retreat, please let us know!

Best regards,  
Isabella Ulibarri

# Influencer Pitch

**Subject: Transform Your Well-Being: COMO's Global Wellness Immersion Awaits**

Hi Anastazia,

I'm reaching out with an exclusive opportunity to be part of a transformative journey that is changing the face of luxury wellness travel. COMO Hotels and Resorts has unveiled the "COMO Global Wellness Immersion" campaign, an initiative that invites guests to experience immersive wellness programs inspired by the culture, nature, and traditions of each unique destination.

Imagine three days of relaxing with Balinese healing rituals or enjoying ocean therapy in the Maldives, all while enjoying COMO's renowned Shambhala cuisine and spa treatments catered all to you.

We'd love for you to be one of the first to experience and share this with your audience. We believe your community would connect deeply with COMO's vision for personalized, authentic wellness. This event will take place the second week of June right after its grand opening. Should you wish to accept please let us know!

Warm regards,  
Isabella Ulibarri

# Thank you!
